REQUEST FOR CORRECTED FILING RECEIPT

1. Attached is a copy of the official filing receipt received from the PTO in the above application for which issuance of a corrected filing receipt is respectfully requested.

Note: The PTO will not correct the filing receipt until the application is complete (in other words, the applicant files a response to the notice to file missing parts).

2. There is an error with respect to the following data, which is:

☒ incorrectly entered

and/or

☐ omitted.

CIP of USSN 10/684,230 (10/10/2003)

3. (complete the following applicable item)

The present application was filed on October **11**, 2003 via Express Mail (Label No. EV 342613515 US), as shown by the Certificate of Express Mail (37 C.F.R. §1.10) and by the postmark on the Customer Copy of the Express Mail Label. Copies of the Certificate and the Label are enclosed.

On October 23, 2003, the return postcard for the filing of the application was received. The sticker on the return postcard listed U.S.S.N. 10/684,3**64** and a filing date of October **10**, 2003. A copy of the postcard is enclosed.

On February 12, 2004, Applicants used U.S.S.N. 10/684,3**64** to file an Information Disclosure Statement (IDS) for the present application.

On the Official Filing Receipt, however, the U.S. Serial Number is listed as 10/683,3**46** and the filing date is still listed as October **10**, 2003.

A telephone conference with the Initial Patent Examination Division confirmed that U.S.S.N. 10/683,3**46** is the correct U.S. Serial Number for the present application. Applicants were instructed to submit a copy of the Certificate of Express Mailing and a copy of the postmark for correction of the filing receipt. As noted above, copies of these items are enclosed herewith.

Applicants also request the entry of the U.S. Serial Number for the priority U.S. utility application. Applicants have revised the "Cross-References to Related Applications" to include the U.S. Serial Number for the U.S. non-provisional utility priority application filed on October 10, 2003. This serial number was not yet available on the filing date of the present application. Applicants respectfully request that this information be added to the filing receipt. **In addition to claiming priority of U.S. 60/417,864 (10/11/2002), the present application is a continuation-in-part of U.S.S.N. 10/684,230.**

Applicants respectfully request correction of the Official Filing Receipt and confirmation of the serial number, filing date, and priority claim.

Respectfully submitted,

Date: April 14, 2004

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
